

16kw sunsynk inverter factory in Nairobi

Overview

What is a sunsynk 16 kW single phase inverter?

Supports 48V batteries, off-grid and grid-tied operation with advanced energy control. The Sunsynk 16kW 48V Single Phase Inverter offers a high-performance energy solution for large residential and small-to-medium commercial solar power systems.

Are you liable if a sunsynk hybrid inverter is incorrectly installed?

We are not liable for any damages or warranty rejections as a result of incorrectly installed products or systems. We have taken the Sunsynk Hybrid Inverter to the highest level. Our new Sunsynk MAX is the most powerful low-voltage inverter in the world, achieving a maximum output power of 16kW and battery charge current of 275A.

Are sunsynk inverters good?

The build quality of Sunsynk inverters feels very robust, and the quiet operation is a big plus in a home environment. With Sunsynk, I get reliable energy conversion and excellent efficiency, helping me contribute to a greener South Africa effortlessly.
