

# 5kw solar system with battery in Bahrain

## Overview

---

The ECO-WORTHY 5KW Off Grid Solar System is a turnkey renewable energy solution featuring 12 bifacial 195W solar panels (2340W total), a 5120Wh 48V LiFePO4 lithium battery in a compact server rack form, and a 5KW hybrid inverter with split-phase output.

The ECO-WORTHY 5KW Off Grid Solar System is a turnkey renewable energy solution featuring 12 bifacial 195W solar panels (2340W total), a 5120Wh 48V LiFePO4 lithium battery in a compact server rack form, and a 5KW hybrid inverter with split-phase output.

Living with off grid energy or stand-alone solar power enables complete autonomy, and it is now easier than ever to live comfortably with off the grid solar power anywhere. We have an extensive range of stand-alone solar power solutions for those who are not able or are unwilling to be connected to.

The 5500W solar panel kit system offers a reliable solution for reducing energy costs and minimizing your carbon footprint. The 550W bifacial solar panels capture sunlight from both sides, maximizing energy production and efficiency, making them an ideal choice for varied environmental conditions.

**EXPANDABLE FUTURE PROOF** - Add up to 5500W solar panels and double battery capacity seamlessly to grow your energy freedom as needs evolve. **PLUG AND PLAY HYBRID INVERTER** - 5KW inverter with built-in charge controller simplifies installation and supports flexible grid or off-grid use. **COMPLETE OFF.**

We offer express delivery to Manama, Riffa, Muharraq, and other cities in Bahrain for NCTS Sirius 5.5 KW (5500 KW) Off Grid Pure Sine Wave Solar Inverter, 100A MPPT Solar Charger, Built-In Anti-Dust Kit, Battery Equalization Function | SIRIUS 5.5KW. We offer the best price for NCTS Sirius 5.5 KW.

**EMPOWER YOUR ENERGY INDEPENDENCE** - Harness the sun with a robust 5KW inverter that works seamlessly with or without batteries. **STAY CONNECTED ANYTIME ANYWHERE** - Monitor your solar system effortlessly via WiFi from your mobile device or web. The Growatt Inverter 5KW is a cutting-edge off-grid solar.

A 5 kW solar panel system is enough to power a small home—but it'll cost you

about \$13,550. Why trust EnergySage?

As subject matter experts, we provide only objective information. We design every article to provide you with deeply-researched, factual, useful information so that you can make.
