

5kw sunsynk inverter for sale in Cairo

Overview

What is a sunsynk 5kW AC Ecco 6.5kwp inverter?

The SunSynk 5kW AC ECCO 6.5kWp Inverter is the next generation of super hybrid inverter with a 6500W MPPT and a rated AC output of 5kW resulting in a system that can generate sufficient energy in Winter months to offset usage and charge a connected battery. The inverter boasts additional features such as;

What is a sunsynk hybrid inverter?

Sunsynk hybrids have the API to connect to Octopus Agile & Flux to buy electricity at cheap rates and even sell back to the national grid at high rates through SEG payments. The Sunsynk 5kW ECCO hybrid Inverter is the ideal inverter for managing power flow from multiple sources such as solar, main electrical grid and generator.

How long does a sunsynk inverter last?

If done later than this, the battery will be registered separately at 10 years, and the inverter maintains a 5 year warranty. Installations with Sunsynk products now need to be registered here to gain full activation of the warranty.

How long does a sunsynk battery last?

Adding a Sunsynk battery to your existing inverter will extend the inverter warranty to 10 years. This must be done within 3 months of the original installation for eligibility. If done later than this, the battery will be registered separately at 10 years, and the inverter maintains a 5 year warranty.
