

600kW Foldable Container for Oil Platforms

Overview

What is a tote-a-lube oil storage tank?

Tote-A-Lube oil storage tanks can be configured with rolling casters or be secured onto forkliftable skids for portable fluid dispense. These stacked storage tank systems can also be configured with pump dispense packages, oil bars, SPCC compliant secondary containment vessels, and other fluid handling equipment.

What is a tote-a-lube oil storage tank & gravity feed system?

Tote-A-Lube stackable oil storage tanks and gravity feed systems are designed to reduce your total fluid expenses, maximize floor space, and provide safe and efficient storage for a vast number of bulk fluids including oils, lubricants, hydraulic fluids, ATF, anti-freeze and DEF.

What is a standard tote-a-lube tank opening?

Standard Tote-A-Lube tank openings include: (1) Angled Fill Port with 2" NPT Poly Cap, (1) 2" NPT Plug, and (1) 1" NPT Stainless Steel Dispense Fitting, as well as molded inserts to secure dispensing equipment. T240 and T330 storage tanks have an optional (1) 4" Vented Poly Cap.

How many tanks can a tote-a-lube tank stack?

Tote-A-Lube Tanks stack up to 4 tanks in one compact gravity feed system. Constructed with superior fluid storage attributes, stackable Tote-A-Lube Tanks all feature top-of-tank molded inserts that secures top-mounted dispense equipment.
