ABU DHABI, UAE, Jan. 14, 2025 /PRNewswire/ -- In the presence of President His Highness Sheikh Mohamed bin Zayed Al Nahyan, Abu Dhabi Future Energy Company PJSC – Masdar and Emirates Water and Electricity Company (EWEC) today announced the launch of the world's first large-scale 'round the clock'.

The record-breaking solar power and battery storage project will create over 10,000 new jobs, driving innovation and economic growth Abu Dhabi Future Energy Company PJSC – Masdar and Emirates Water and Electricity Company (EWEC) announced today the launch of the world's first large-scale 'round the'.

Masdar begins construction on a groundbreaking 5.2GW solar and 19GWh battery project, aiming to deliver continuous renewable energy by 2027 and position Abu Dhabi as a global leader in clean tech innovations. Masdar has kicked off construction on what it claims to be the world's biggest.

In a remarkable advancement for renewable energy, the United Arab Emirates, under the auspices of His Highness Sheikh Mohamed bin Zayed Al Nahyan, President of the UAE, has inaugurated the world's largest integrated solar and battery storage project. Combining solar energy generation with advanced.

The United Arab Emirates (UAE) has launched the world's first large-scale round-the-clock gigascale energy storage project in Abu Dhabi, combining solar power and battery storage in a significant development for the country's energy sector. The initiative positions the UAE as a leader in renewable.

The launch marks a pivotal moment in the clean energy transformation, allowing renewable energy to be dispatched 24 hours a day, seven days a week, reaffirming the UAE's position as a global pioneer in renewable energy deployment. In the

presence of President His Highness Sheikh Mohamed bin Zayed.
