

# Afg uninterruptible power supply

## Overview

---

An uninterruptible power supply (UPS) is a type of backup battery that will continue to provide electrical power to the electronics that you have plugged into it even if electricity from your home outlets cuts out.

An uninterruptible power supply (UPS) is a type of backup battery that will continue to provide electrical power to the electronics that you have plugged into it even if electricity from your home outlets cuts out.

AFGI is a trusted name in delivering high-performance power solutions tailored to meet the evolving demands of commercial and industrial sectors. With a strong commitment to innovation, efficiency, and reliability, we provide comprehensive energy systems designed to power your operations without.

An uninterruptible power supply (UPS) helps prevent sudden shutdowns, data loss, and hardware damage by providing backup power when your main electricity fails. For home users, a UPS can protect desktop PCs, gaming consoles, and smart home devices from unexpected power cuts. In business settings,
