

Africa industrial dedicated inverter converted to 12v

Overview

Our PSI-1200 provides a reliable transformation of DC power from a car battery into AC Power that can be used to run lights, computers, printers and other essential appliances. Light-weight, compact and diverse to ensure the widest use of applications. *Includes UK/SA adaptor and UK.

Our PSI-1200 provides a reliable transformation of DC power from a car battery into AC Power that can be used to run lights, computers, printers and other essential appliances. Light-weight, compact and diverse to ensure the widest use of applications. *Includes UK/SA adaptor and UK.

The Mecer IVR-1200MPPT is a 1200VA / 1000W 12V DC-AC inverter with built-in MPPT solar charger. It features a simulated sinewave output, wide input voltage range, LCD display for real-time status, overload and short circuit protection, and supports both lithium and lead-acid batteries (external).

AIMS Power produces a full line of 12 volt DC to AC power inverters. We have a great selection of both pure sine and modified sine power inverters with 12 volt DC inputs. Our 12 volt power inverters are designed to fit in almost any application, and we are committed to helping you find the right.

The TMem Solar Africa Inverter is a reliable DC to AC inverter available in multiple power options, including 120W, 150W, 200W, 300W, and 500W, tailored for diverse commercial applications across Africa. With an input voltage of 12V and an output of 230V, it delivers a modified sine wave output at.

This Power Inverter with advanced technology is essential in businesses and homes. Our PSI-1200 provides a reliable transformation of DC power from a car battery into AC Power that can be used to run lights, computers, printers and other essential appliances. Light-weight, compact and diverse to.

Experience uninterrupted power supply during load shedding with the Mecer 1200VA, 1000W, 12V Inverter. This versatile inverter features an MPPT solar charger and is designed to handle South Africa's load shedding challenges. Elevate your off-grid and mobile power solutions with a 12V 800W Power.

The iTel IPV-1K512U 1.5kw Off-Grid Inverter (1.5kW/12V) delivers pure sine wave

power with >99.9% MPPT efficiency and IP54 protection. Featuring 150% overload capacity, 45A solar charging, and 3-phase compatibility, it's ideal for small cabins, RVs, and backup systems. Includes 3-year replacement.
