Custom Battery packs for Medical Equipment

Smart Power For Medical Equipment
Critical Medical Equipment Requirements
Delivering A Range of Battery Chemistries
Selecting and Qualifying Top-Performing Cells
Integrating Smart Battery Technology
Customizing Full Lifecycle Design to Volume Manufacturing
Securing High-Quality, Safe and Reliable Battery Packs
Why ISO 13485?
Case Study
Excell Battery works only with top-tier battery cell suppliers for the most advanced solutions to meet custom medical device requirements. We independently qualify all cells in our in-house test labs to guarantee that they perform according to their requirements. See more on excellbattery saphiion
