

Black Mountain Uninterruptible Power Supply solar container

Overview

Who is Black Mountain Energy Storage?

Texas-based developer Black Mountain Energy Storage (BMES) has sold two standalone storage projects in Texas out of a development portfolio of six that it commenced marketing in 2021. [Read more](#). A proposed energy storage unit was presented to commissioners during last Wednesday's meeting of the Calhoun County Commissioners Court.

Did UBS acquire Black Mountain Energy Storage?

UBS Asset Management today announced the acquisition of five standalone, development-stage energy storage projects in Texas from Black Mountain Energy Storage. [Read more](#). Cypress Creek Renewables has added 400MW/600MWh to its storage portfolio after acquiring four Texas standalone energy storage projects from Black Mountain Energy Storage.

What is an uninterruptible power supply?

An uninterruptible power supply, or UPS, is a continuous power system made to ensure your facility's power infrastructure has an automated backup power source in the event of an outage or other power disturbances. Other systems, such as automatic transfer switches and standby natural gas and diesel generators, provide similar coverage.
