

Budapest 5g solar container communication station 372KWh

Overview

Is 5G available in Hungary?

In terms of commercial 5G service, the first operator that launched this service was Vodafone Hungary, in partnership with Huawei, in October 2019. It has continued to expand its 5G network coverage with the development of 5G base stations in larger rural towns and around Lake Balaton.

Is Magyar Telekom 5G available in Hungary?

While Magyar Telekom tested 5G technology with several suppliers, including Huawei's Hungarian unit, it declared the launch of its 5G services in Hungary with Ericsson providing the 5G base stations for its network in April 2020. Since then, Magyar Telekom's 5G service is available in 23 towns.

What is Telekom's commercial 5G service?

Telekom's commercial 5G service is operating within the 3.6 GHz frequency range. The third operator, Telenor, has yet to launch commercial 5G services. In May 2019, it piloted services in Győr (North West Hungary) using technology from the ZTE Corporation, which also provided 5G-capable mobile phones for the testing.
