

# Bulk Procurement of 5MWh Photovoltaic Energy Storage Containers

## Overview

---

Defining 'bulk storage' as projects with at least 5MW output, the procurement is intended to significantly contribute to achieving New York's 6GW by 2030 energy storage deployment target.

Defining 'bulk storage' as projects with at least 5MW output, the procurement is intended to significantly contribute to achieving New York's 6GW by 2030 energy storage deployment target.

New York State continues to advance its bulk energy storage deployment efforts, and a final Bulk Storage Implementation Plan is now likely to be made public before the end of April—with procurements set to begin by June 30, 2025. On Friday, March 21, the Public Service Commission ("PSC") approved.

Index Storage Credits (ISCs) are an innovative market-based incentive mechanism providing contracted energy storage project owners greater revenue certainty while incentivizing participation in New York's energy and capacity markets. In support of deploying additional energy storage, NYSEERDA.

5MWh Turtle Series Container ESS is a modular, high-efficiency energy storage system designed for utility-scale grid stability and backup. Featuring liquid-cooled 314Ah cells, it offers scalable capacity, intelligent thermal management, and advanced fire protection within a compact IP55-rated.

Our attorneys stay on top of changes in legislation, agency regulations, case law, and industry trends—then craft timely legal alerts to keep clients up to date on legal developments important to their business. On March 21, 2025, the New York Public Service Commission (PSC) approved the draft.

KCE NY6, a 20MW/45.6MWh BESS project by Key Capture Energy in Buffalo, Upstate New York, was one of a small number of projects successfully brought into commercial operation with Bulk Market Acceleration Bridge Incentive Program from Roadmap 1.0. Image: Key Capture Energy Applications are invited.

The 5MWh energy storage system containerized is a intelligent monitoring and high protection level, and is suitable for a variety of complex scenarios to meet the energy storage needs of the industrial and commercial sectors, the electric power

grid, and renewable energy. The 5MWh energy storage.

## Bulk Procurement of 5MWh Photovoltaic Energy Storage Containers

### New York PSC Approves NYSEERDA's Billion-Dollar Bulk Energy Storage

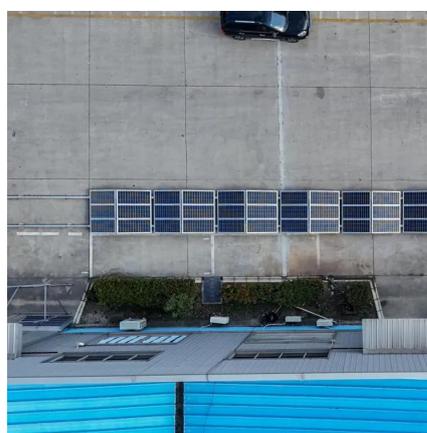

The PSC's prior 2024 Order Establishing Updated Energy Storage Goals and Deployment Policy 4 required NYSEERDA to issue its first competitive solicitation for bulk ...
