SHANGHAI, June 16, 2025 /PRNewswire/ — Huawei Digital Power, in partnership with SchneiTec, has successfully launched Cambodia's first TÜV SÜD-certified grid-forming energy storage project, marking a significant step toward a sustainable energy future for the country. SchneiTec has previously.

The Cambodia Siem Reap comprehensive mobile energy storage power supply bidding represents a critical step in addressing Southeast Asia's growing demand for flexible energy solutions. As tourism and manufacturing surge in Siem Reap, the need for reliable backup power and grid stabilization has.

Huawei Digital Power has successfully commissioned what it claims is Cambodia's first grid-forming battery energy storage system (BESS) certified by TÜV SÜD. The newly completed 12MWh energy storage project, which was developed in collaboration with SchneiTec, a renewable energy developer, features.

In collaboration with the energy solutions provider SchneiTec, Huawei Digital Power

Technologies Co., Ltd has commissioned a grid-forming energy storage system in Cambodia. The recently completed 12-MWh energy storage project includes a 2-MWh test field for validating Huawei's smart string.
