

# Canberra corrosion-resistant solar curtain wall customization

## Overview

---

Are solar innovations ® curtain wall frames custom built?

All Solar Innovations ® curtain wall frames are custom built to meet the exact dimensions of your opening. Solar Innovations ® offers eight standard frame finish colors and unfinished aluminum; custom finish options are available at an additional cost.

What is a solar curtain wall?

Commercial applications are most often designed, engineered, and installed by Solar as storefronts. The curtain wall can be utilized on virtually any type of business. A system can be added to the exterior of your building or utilized for interior divisions between departments or as office walls.

What is a unitized curtain wall system?

Unitized curtain wall systems, assembled and glazed in the shop environment, offer the advantage of faster installation, improved product quality and lower installation costs. Kawneer's curtain wall systems are engineered to meet the highest standards of performance, design and sustainability.

What are curtain walling systems?

Curtain walling systems are significant in modern architecture, providing structural strength, energy efficiency, and aesthetic flexibility. These include commercial building aluminum curtain walls, glass curtain walls for the highest-rise office towers, and many others that enhance both form and function.
