Solahart has over 70 years of experience designing innovative, efficient and durable solar products for Australia.

With over 30 years of experience, Solahart Canberra is your trusted partner for solar energy solutions in Canberra and the wider ACT region. We specialise in providing top-quality solar power systems for both residential and commercial clients throughout Canberra, the ACT, and surrounding areas in.

Welcome to Konbuild, your trusted partner for Container Home in Canberra, Australian Capital Territory. We specialize in bringing affordable, high-quality modular and container homes to Canberra, Australian Capital Territory, helping you overcome the local tradesman shortage and build your dream.

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions.

We supply and install solar panels, solar power systems, solar batteries, solar hot water systems and heat pumps across Canberra. At Solahart Canberra, we can help you future-proof your home's energy needs. As suppliers and installers of solar hot water, solar power, battery storage, and smart.

We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions. The solar array is mounted directly onto the container, and can provide both off-grid and grid-tied functionality, with all necessary equipment to ensure safe and.

Experts create a tailored solar panel system plan to maximize energy efficiency and savings. This step ensures the proposed design aligns with your goals, local regulations, and optimal sun exposure for maximum energy production. Once the solar system design is finalized, a detailed proposal is.
