

Cheap industrial switchgear factory distributor

Overview

As a leading electrical switchgear manufacturer and switchgear distributor, RESA Power has manufacturing facilities strategically located across the United States and Canada. We provide high-quality, new, and remanufactured equipment for low and medium-voltage power.

As a leading electrical switchgear manufacturer and switchgear distributor, RESA Power has manufacturing facilities strategically located across the United States and Canada. We provide high-quality, new, and remanufactured equipment for low and medium-voltage power.

From low voltage to medium voltage application, BCS provides power distribution products, customized power solutions, mimic panels and power monitoring systems for industrial and commercial construction projects. Low Voltage UL891 switchboards and UL1558 switchgear for the industrial and commercial.

Bay Power switchgear solutions are for applications where an extra margin of safety is essential, and deadlines don't allow for the typically long factory-direct lead times. Our solutions meet the IEEE C37.20.7 Type 2B AR standard which states that the equipment will provide arc resistance.

As a leading electrical switchgear manufacturer and switchgear distributor, RESA Power has manufacturing facilities strategically located across the United States and Canada. We provide high-quality, new, and remanufactured equipment for low and medium-voltage power. Our custom manufactured.
