

Columbia solar Energy Storage Integrated Machine Factory

Overview

Who is developing the Columbia Energy Storage Project?

Development of the Columbia Energy Storage Project is led by Alliant Energy in partnership with WEC Energy Group, Madison Gas and Electric, Shell Global Solutions US, Electric Power Research Institute, the University of Wisconsin–Madison and Madison College.

Will Alliant Energy build a long-duration energy storage system in Columbia County?

Alliant Energy filed an application with the state Public Service Commission on Aug. 7 to build a long-duration energy storage system in Columbia County. It would be the first project of its kind in North America.

Is Columbia Energy Storage Project a forward-looking statement?

Similarly, statements that describe the Columbia Energy Storage Project and our clean energy vision are forward-looking statements. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those expressed in, or implied by, the statements.

Where will Alliant Energy's energy storage system be built?

Pending approval, crews will build the energy storage system south of Portage, Wisconsin, in the town of Pacific, near the current Columbia Energy Center. For more information on Alliant Energy's energy storage projects, visit alliantenergy.com/battery.
