NEW YORK, Dec. 22, 2025 (GLOBE NEWSWIRE) -- As affordable housing, eco-resorts, and temporary buildings continue to gain popularity worldwide, container homes are rapidly emerging as a flexible, scalable, and sustainable living solution. However, one major challenge has consistently limited.

The Construction and Assembly Company in Granma province has unveiled the first homes crafted from repurposed shipping containers. This makeshift solution arises in response to the severe scarcity of building materials and the growing housing demand, aiming to extend this approach to various Cuban.

At Container Technology, we offer a wide range of HVAC solutions designed to meet the needs of businesses across industries, from construction and retail to agriculture and healthcare. Whether you need simple ventilation or complete

temperature regulation, our HVAC modifications help you maintain.
