

Cylindrical solar container lithium battery in Manchester UK

Overview

Can a lithium-ion battery be used for solar storage?

With Eco Tree, your energy storage system will be able to power your home or office for years to come. So why wait?

Order your Eco Tree Lithium Battery for solar storage today and enjoy free energy from the sun! The benefits of using a LiFePO₄ lithium-ion battery for solar installations include:

What is a lithium battery storage container?

Lithium Battery storage container for safe storage of used or damaged Li-on batteries. Manufactured from sheet steel with a cavity between inner and outer surfaces, filled with PyroBubbles. FREE UK mainland delivery 5-6 weeks. Expanded glass granulate, ideal for use as a buffer in hazardous goods packaging.

What is a Givenergy battery storage container?

Compact, mobile, convenient, and fully customised to your power needs. With a GivEnergy battery storage container, you can house your critical battery assets securely. We can neatly package your large-scale commercial battery storage system in a custom-built container – giving you unparalleled flexibility on its location.

Are Eco Tree batteries a good choice for a solar energy system?

Look no further than Eco Tree! Our lithium batteries are ideal for any solar energy system – the perfect choice to use with solar panels or other renewable energy sources. With Eco Tree, your energy storage system will be able to power your home or office for years to come. So why wait?
