

Cyprus Light New Energy Solar Air Conditioner

Overview

Solar-powered cooling solutions are the solution to rising temperatures and the pressing need for energy efficiency technologies, the photovoltaics systems are emerging and transforming how we stay cool on this Mediterranean island.

Solar-powered cooling solutions are the solution to rising temperatures and the pressing need for energy efficiency technologies, the photovoltaics systems are emerging and transforming how we stay cool on this Mediterranean island.

The Group offers every household in Cyprus the possibility of saving on energy consumption by utilising solar energy. To date, hundreds of residential consumers have entrusted the Group with energy solutions of photovoltaic systems, electric vehicle chargers and cooling, heating and ventilation.

At Solix, we specialize in providing advanced air conditioning and ventilation systems for both residential and commercial spaces. Our tailored solutions ensure optimal indoor comfort and air quality, helping you stay cool and breathe easy year-round. Our systems are designed to lower energy.

Cyprus is an island known for its hot summers making it the perfect place to find the best sustainable ways to beat the relentless heat. Solar-powered cooling solutions are the solution to rising temperatures and the pressing need for energy efficiency technologies, the photovoltaics systems are.

We manufacture solar collectors in our facilities located at Xilotympou and we deliver all over Cyprus The aircondition units provide comfort during hot or cold weather. We install different aircondition unit types such as wall mounted, concealed ceiling, floor standing and flexi type We build.

Cyprus is the island of the sun, known for its bright light, warm climate, and abundance of sunny days. Today, Cyprus is also an example of the successful implementation of solar energy. With more than 300 sunny days a year, it has become a sustainable hub for solar power, benefiting both the.

We want to help you understand how solar power can benefit your home or business – and find a solution that works for you. Contact us now! SOLAR THERMAL HEATING & COOLING SYSTEMS IN CYPRUS Z&X Mechanical Installations Ltd, after

20 years of successful activity in the field of mechanical.
