Product Description The EL-315~335M -60 Mono PERC solar panel is a [. ] HS158 158-M-60-MH is a high-performance solar panel manufactured by [. ] Introducing the OLV-325-345-60M-HB9H solar panel by Olive Solar, a [. ] Introducing the OLV-325-345-60M-HB9H solar panel by Olive Solar, a [. ] The.

This panel is ideal for homes seeking a visually pleasing solar panel and for roofs where space is tight or where future system expansions are considered e.g. to incorporate battery storage. The LG NeON® modules with their double sided cells and CELLO technology absorb light from the front and the.

LG NeON® 2 modules use a highly efficient bifacial solar cell, “NeON” applied Cello technology for better energy production than standard monofacial PV module. NMOT (Nominal Module Operating Temperature): Irradiance 800 W/m<sup>2</sup>, Ambient temperature 20 °C, Wind speed 1 m/s, Spectrum AM 1.5. STC.

Excellent low-light performance even on early mornings, evenings, and cloudy days. Built with strong high transmission “Anti-reflective” coated tempered glass, and an anodized aluminum frame. Certified to withstand the most challenging environmental conditions. 25-year limited warranty for power.
