

EK solar panel price per watt

Overview

A 7.2 kW solar panel system costs \$21,816 before incentives or \$3.03 per watt of solar installed. The federal solar tax credit lowers solar system costs by \$6,544, bringing the price down to \$15,271. Using a solar loan makes solar panels more expensive!

A 7.2 kW solar panel system costs \$21,816 before incentives or \$3.03 per watt of solar installed. The federal solar tax credit lowers solar system costs by \$6,544, bringing the price down to \$15,271. Using a solar loan makes solar panels more expensive!

As of 2026, the average cost of residential solar panels in the U.S. is between \$15,000 and \$25,000 before incentives. This typically translates to about \$2.50 to \$3.50 per watt of installed capacity (more on price per watt below). The total price depends on your system size, location, roof type.

A 7.2 kW solar panel system costs \$21,816 before incentives or \$3.03 per watt of solar installed. The federal solar tax credit lowers solar system costs by \$6,544, bringing the price down to \$15,271. Using a solar loan makes solar panels more expensive! When you finance solar panels using a loan.

A typical American household needs a 10-kilowatt (kW) system to adequately power their home, which costs \$28,241 in 2025. That price effectively drops to \$19,873 after considering the full federal solar tax credit. NOTE: Under the “One Big Beautiful Bill Act” signed in July 2025, the federal solar.

Solar panel installation costs a national average of \$18,180 for a 6kW solar panel system for a 1,500 square ft. home. The price per watt for solar panels can range from \$2.50 to \$3.50 and largely depends on the home’s geographical area. Residential solar panels are usually sized between 3 kW and 8.

Solar panel costs range from \$16,600 to \$20,500 for the average 6.5 kW system, but prices can vary from as little as \$7,700 for smaller solar systems to upward of \$34,700 for larger systems. To find the most up-to-date solar panel costs in 2025, we compared research from the U.S. Department of.
