Exhibition Time: August 8 - 10, 2025 Address: Area A, China Import and Export Fair Complex, Guangzhou, China Booth No.: Hall 4.1 F601 Exhibitor Contact: GSL ENERGY invites you to explore the future of global energy storage industry and create new opportunities.

GSL ENERGY, the world's leading manufacturer of lithium-ion energy storage systems, will make a grand appearance at the World Battery and Energy Storage Expo (WBES 2025), which will be held in Area A of the China Import and Export Fair Complex (CIEF) in Guangzhou, China, from August 8-10, at Booth.

World Battery & Energy Storage Expo (WBES) is an important event for the global new energy industry, gathering leading energy storage companies, technology providers, and system integrators from around the world to showcase the latest achievements in batteries, energy storage systems, inverters.

Join us in Munich from June 23–25, 2025 to meet battery production technology experts and the world's leading cell manufacturers! This year, the exhibition will once again feature special highlights for equipment suppliers: The accompanying ees Europe Conference from June 22–23, 2026 offers.

ees Europe 2025, which takes place from May 7 to 9 at Messe München, is Europe's largest trade fair for batteries and energy storage systems. With over 850 exhibitors and more than 110,000 visitors, the event showcases the latest innovations in battery production technologies, energy storage.

If batteries had red carpets, 2025's battery energy storage exhibitions would be the VIP event. Think of it as Comic-Con for energy nerds—complete with futuristic tech, policy debates, and the occasional 10-ton battery-shaped mascot. Let's unpack why these global events matter and what makes them.

The 2025 Shenzhen International Energy Storage and New Energy Battery

Technology and Equipment Exhibition will be held at the Shenzhen International Convention and Exhibition Center from August 26 to 28, 2025. The exhibition will focus on showcasing energy storage technology equipment and.
