LED Shipping Container Lights

What Is The Best Type of Storage Container Lighting? What Power of Led Lights Should Be Used Inside A Shipping container? How Many Led Lights to Properly Light A Shipping Container? Do You Offer Led Wet Location Lighting For Shipping Containers? Because shipping containers are long, narrow, and have relatively short ceilings, we recommend a surface mount fixture. Linear strip fixtures are ideal as they will lighten up a larger area and the light will be generally more balanced. A good secondary option would be a ceiling-mounted canopy light or low bay fixture. See more on led lighting supply Eagle Leasing
