

# Energy storage equipment company sets up branch factory

## Overview

---

EDISON, N.J., Dec. 20, 2024 (GLOBE NEWSWIRE) -- Eos Energy Enterprises, Inc. (NASDAQ: EOSE) ("Eos" or the "Company"), America's leading innovator in the design, sourcing, and manufacturing of zinc-based long duration energy storage (LDES) systems, manufactured in the United.

EDISON, N.J., Dec. 20, 2024 (GLOBE NEWSWIRE) -- Eos Energy Enterprises, Inc. (NASDAQ: EOSE) ("Eos" or the "Company"), America's leading innovator in the design, sourcing, and manufacturing of zinc-based long duration energy storage (LDES) systems, manufactured in the United.

An innovative battery energy storage installation supported by NYSERDA brings grid benefits and decarbonization into a crowded urban area. NineDot's first battery project on a very small plot of land in the northeast Bronx went live in 2023. Source: NineDot Energy. Active site: 7,000 square feet.

We are the leading developer of community-scale battery energy storage systems (BESS) in the New York City metropolitan area. With sites in the Bronx, Brooklyn, Queens and Staten Island as well as Westchester County and Long Island, NineDot Energy is helping to make our local power grid cleaner.

The facility is expected to be built at 2481 McDonald Ave. at a shuttered auto body shop and is located directly behind a densely populated residential neighborhood. The media could not be loaded, either because the server or network failed or because the format is not supported. A lithium-ion.

EDISON, N.J., Dec. 20, 2024 (GLOBE NEWSWIRE) -- Eos Energy Enterprises, Inc. (NASDAQ: EOSE) ("Eos" or the "Company"), America's leading innovator in the design, sourcing, and manufacturing of zinc-based long duration energy storage (LDES) systems, manufactured in the United States, today announced.

storage projects. This investment is expected to create 350,000 jobs by 2030. Through this investment, the industry is committed to supporting American battery manufacturing leadership, ensuring low-cost affordable electricity to fuel economic growth and American energy dominance. A pro-business.

A coalition of companies making and using large batteries for energy storage on

the electric grid announced Tuesday a \$100 billion investment commitment to make and buy grid batteries in the U.S. "We're investing to ensure that in five years, every part of the energy storage industry is anchored."
