In 2022, the market size is projected to reach a valuation of USD 12.5 million. By 2032, the valuation is anticipated to reach USD 70.1 million. List of.

Founded in 2008, EcoDirect is a value added distributor that helps Fijian installers, do-it-yourselfers (DIY), homeowners, businesses and commercial projects in Viti Levu, Vanua Levu, Taveuni, Kadavu and throughout the Fijian archipelago with project design, supply, logistics and technical support.

An entrepreneur on a remote Fijian island resort observes a stark contradiction. Pristine nature, clear waters, and abundant sunshine are set against the persistent

hum of a diesel generator, the faint smell of exhaust, and the reality of fuel being barged in at great expense. This scene is not. Who is solar Fiji?

At Solar Fiji our competent staff install reliable solar-energy systems using top-quality components. We listen and learn from our customers at the same time as keeping right up to date with the latest training from our suppliers: Victron Energy, Hanwha Q-Cells and Narada Power - to name a few.

Is solar Fiji a good company?

The technician (Pita) was professional when he came to install our solar system. The system is good. Products are good and quality. Installation team did a good job. I am happy with the solar system. Company is good and original. Customer service very good. Installation team did good job. I am happy with the solar system provided by Solar Fiji.
