

Generator switchgear in China in London

Overview

Who are switchgear manufacturers?

Established in 1985, we work across a wide variety of sectors and proudly support some of the world's largest blue-chip companies. We're UK Switchgear Manufacturers with dedicated in-house design and manufacturing teams, specialising in bespoke Low and Medium voltage products.

What is a low voltage switchgear?

DOHO low voltage switchgear is designed for safe and reliable distribution of electrical power in residential, commercial, and industrial applications. This type of switchgear is available in a variety of configurations, including circuit breakers, contactors, fuses and other components.

Why is China's switchgear industry important?

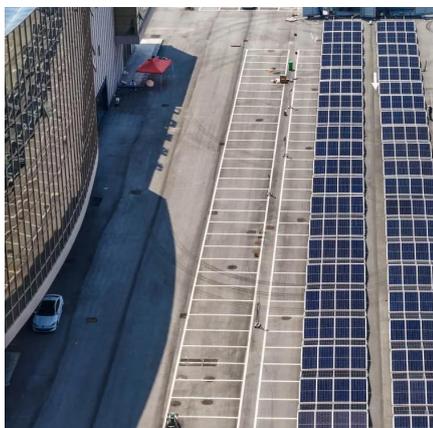

The Chinese government is increasingly prioritizing green technologies, pushing companies to adopt sustainable practices. Furthermore, the global market relevance of China's switchgear industry is significant, as it is one of the largest producers and consumers of electrical equipment.

What is switchgear & how does it work?

Switchgear protects electrical equipment and circuits from damage caused by overcurrent, voltage spikes and other faults in the system. Our goal at DOHO is to be complete solutions provider for all your switchgear product needs.
