From 5 to 2,000 amp fuses in plug, screw-in, and glass styles, you will just what you're looking for here in our online shop. We have partnered with the best manufacturers in the industry to ensure our products are of high quality and will stand the test of time.

Electrical fuses are designed to cut the power whenever the current gets too high for any reason. They are an important backup to the circuit breakers in your home's load center. Common household appliances will use electrical fuses to help protect against surges, and there are many different types.

RESA Power and RESA Power Service offer NETA certified testing, engineering and maintenance solutions across North America. Our product sales carry the same quality-focused and safety-minded values that anchor our industry leading service teams. Whether you need to replace a single circuit breaker.
