

Huawei Vienna Solar Air Conditioner

Overview

According to the U.S. Department of Energy, three-quarters of American homes have air conditioners. The energy used by power plants to support that many air conditioners produces 117 million metric ton.

Huawei Vienna Solar Air Conditioner

Solar air conditioning

Solar air conditioning, or "solar-powered air conditioning", refers to any air conditioning (cooling) system that uses solar power. This can be done through passive solar design, solar thermal ...
