

# Hungarian lighting solar lamp one for two

## Overview

---

What is a UP2 solar lighting system?

The UP2 is a powerful all-in-two solar lighting system with a dual-panel design for increased energy capture. It features top-quality Acuity fixtures, quick installation, and app-based setup. Its advanced EMS optimizes light output, while optional motion detection and custom lighting profiles provide flexibility and control.

What is a up series solar light?

The UP Series is a unique range of all-in-two solar lighting that delivers unmatched performance in a diverse range of environments, thanks to its high-density NiMH battery and advanced Energy Management System (EMS), which uses patented, AI-based algorithms to regulate light output based on the amount of energy available.

Why did we choose heisolar for a street light project?

We chose HeiSolar for the first solar-powered street light project in the city of Coneto, Durango. That's quite an accomplishment for a remote city which lack of transmission lines. I really appreciate the help from the company. We could not have asked for better representatives at Heisolar!

What is a UP4 solar lighting system?

The UP4 is powerful, all-in-two solar lighting solution featuring multiple, high-efficiency solar panels and tier-one fixture of your choice. Its advanced EMS ensures reliable lighting, and it can be configured with motion detection and custom lighting profiles for added control and flexibility.
