TZUR YIGAL, Israel, Nov. 6, 2025 /PRNewswire/ -- HiTHIUM, a leading global provider of long-duration energy storage technology, has announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC. This partnership marks a significant milestone in HiTHIUM's.

HiTHIUM, a leading global provider of long-duration energy storage technology, has signed a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC companies. The partnership marks a major milestone in HiTHIUM's international expansion into long-duration energy.

The U.S.-based renewable energy company has secured two separate 15-year fixed-price deals in a tender run by the Israeli Electricity Authority. Ormat Technologies has secured tolling agreements for two separate energy storage facilities with a combined capacity of around 300 MW/ 1200 MWh in a.

Tzur Yigal, Israel, November 6th, 2025 - HiTHIUM, a leading global provider of long-duration energy storage technology, today announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC. This partnership marks a significant milestone in HiTHIUM's.

TEL AVIV, Israel, Feb. 17, 2025 (GLOBE NEWSWIRE) -- Enlight Renewable Energy ("Enlight", "the Company", NASDAQ: ENLT, TASE: ENLT.TA), a leading renewable energy platform, announced today that two of the Company's energy storage facilities have won bids in the Israel Electricity Authority's first.

The Israeli Electricity Authority (IEA) has awarded contracts for 1.5 GW of high-

voltage battery storage capacity across 11 projects to be developed in three regions of Israel. The tender, which attracted 11 bidders proposing 29 projects for a total capacity of 4 GW, set capacity tariffs ranging.
