Tzur Yigal, Israel, November 6th, 2025 – HiTHIUM, an international leader in long-duration energy storage, has entered a strategic partnership with El-Mor Renewable Energy, a major Israeli EPC contractor. This collaboration signifies a key step in HiTHIUM's global strategy for the long-duration.

Renewable Energy Advisor & Broker, with many years of experience in the REN Market including brokerage, consulting & licencing development. The last years Chris has dealt with Data centers licencing development. Israel is entering a decisive phase in its clean energy transition, with Battery Energy.

GSL Energy offers customized lithium battery storage solutions designed specifically for the Israeli market, helping you store solar power, reduce grid reliance, and achieve greater energy independence. On October 2, 2024, GSL Energy successfully installed a 19kWh high-voltage solar battery in.

TZUR YIGAL, Israel, Nov. 6, 2025 /PRNewswire/ -- HiTHIUM, a leading global provider of long-duration energy storage technology, has announced a strategic cooperation agreement with El-Mor Renewable Energy, one of Israel's largest EPC. This partnership marks a signification milestone in HiTHIUM's.

It includes the overall internal rack loadbearing design, heat dissipation design, thermal insulation function, dustproof and waterproof, and the protection level is up to IP54, which can meet the application of the entire battery system in different working conditions and changing complex.

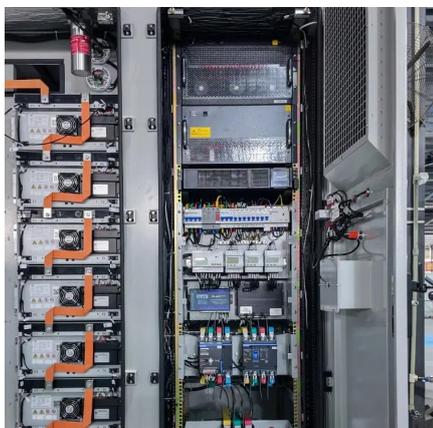

POWER STORAGE specializes in advanced home and industrial energy storage

solutions, offering high-performance energy storage batteries, modular storage containers, and microgrid systems tailored to meet the unique needs of residential and commercial applications. Our goal is to empower homes and.
