

# Italy to build solar glass factory

## Overview

---

In May 2025, New Time signed a collaboration agreement with Huasun, a global leader in photovoltaic cells, to build a 1 GW next-generation HJT perovskite tandem module production line in Italy.

In May 2025, New Time signed a collaboration agreement with Huasun, a global leader in photovoltaic cells, to build a 1 GW next-generation HJT perovskite tandem module production line in Italy.

Satinal to expand in Southern Italy with new production hub of STRATO® SOLAR PV Encapsulants | Glass Bulletin provides International Glass news from the flat, and speciality glassmaking industry. Satinal Spa unveils the investment to open, in 2025, a new manufacturing plant and to expand its.

Huasun and New Time collaboration to produce innovative BIPV modules in Italy's Emilia-Romagna region, announced the Italian company. (Photo Credit: New Time S.p.A./LinkedIn) Heterojunction (HJT) solar PV technology leader from China, Huasun Energy has joined hands with New Time, an Italian.

Huasun Energy, a Chinese leader in heterojunction solar PV technology, has partnered with Italy's New Time to establish a 1 GW manufacturing factory focused on building integrated photovoltaics (BIPV) in the Emilia-Romagna region. The collaboration aims to combine advanced technologies such as HJT.

An entrepreneur planning to launch a solar module factory in Italy sees growing demand, supportive European policies, and a prime location for serving markets in Europe and North Africa. Yet, one fundamental question looms: where will the raw materials come from?

The venture's success hinges on a.

Charenton-le-Pont, France (June 10, 2024) - EssilorLuxottica implements an innovative project near Pescara, Italy which oversees the recovery and reconversion of industrial land surrounding the site of Barberini, a world-class optical glass lens manufacturer and part of EssilorLuxottica. Covering.

Satinal Spa unveils an investment to open, in 2025, a new manufacturing plant and

to expand its STRATO® EVA, STRATO® POE and STRATO® TPO encapsulants production for solar panels. The new factory be located in Apulia Region, in Southern Italy, in the strategic Italian solar valley, and the.
