

# Kathmandu Folding Container Waterproof Type

## Overview

---

The Kathmandu Amphi bag is a water resistant model from the big New Zealand outdoor company. Thanks to the roll-top opening and seam sealed laminated ripstop nylon material, if you close the bag properly, the contents are highly unlikely to get wet.

The Kathmandu Amphi bag is a water resistant model from the big New Zealand outdoor company. Thanks to the roll-top opening and seam sealed laminated ripstop nylon material, if you close the bag properly, the contents are highly unlikely to get wet.

This two-compartment cell is a travel must-have however you like to travel. Use the folding board to get a perfect fit for your clean and folded clothes so theyll stay pressed and fresh. The second compartment, with its Odegon technology, is perfect for socks and undies or to zip-away dirty.

The Kathmandu Litehaul Pack is the near-ideal size, at 65 litres, for everything from an overnight camp to a two-week overseas jaunt. Image credit: Justin Walker Shot on iPhone Looking for a light, tough and versatile load-lugger for your adventurous travels?

Kathmandu's Litehaul Pack puts forward.

Supplier highlights: This seller offers full customization, design customization, and sample customization full customization and design customization are key highlights .

Lightweight and comfortable, the Kathmandu Pocket Pack V4 is a solid packable daypack—but a hole in ours has us concerned about its quality. Sorry, the video player failed to load. (Error Code: 100013) Save time. Get access to brief summaries of our reviews so you can browse and make decisions more.

The right bag is like the right jacket - essential in times of need! The Amphi is a 24L water resistant bag from Kathmandu. What is a backpack to you?

For some it's part of their 'look', others a necessary evil for lugging things - it might even be part of your identity, how are 'backpackers'.
