

Khartoum Energy Storage Equipment Joins BESS

Overview

What is a Bess Knowledge Hub & a regional technical assistance pool?

Global BESS Knowledge Hub – A digital platform for data, insights, and resources on BESS, where partners can both access and contribute knowledge. Regional Technical Assistance Pools – Joint funding from GEAPP and partners to advance projects, policies, and business models, building a 5 GW pipeline across consortium countries.

How many MW is a Bess project?

First-of-its-kind 70 MW Wind with 10 MWh BESS project under a Grant Agreement. National BESS roadmap identified a 55 MW / 100 MWh pilot project. Technical Assistance underway for the feasibility of four sites. Construction underway for a 20 MW / 30 MWh BESS project in the country.

What is a Bess Task Force?

A national BESS Task Force has also been established to develop policy and regulatory frameworks. Advising the electricity regulatory body on drafting BESS-related policies and procurement guidelines. First competitive procurement for 60 MW of BESS launched in May 2025, with a broader goal of 150 MW by 2026.

Khartoum Energy Storage Equipment Joins BESS

BESS Consortium

India's first commercial standalone utility-scale BESS, with 20 MW/40 MWh capacity, was built in a record 20 months, from concept to commissioning. It is improving reliability for 100,000 ...
