

LED solar container outdoor power waveform

Overview

What are solar lighting fixtures for shipping container?

Sun-In-One LED lighting fixtures for shipping container solar lighting kits provide you with enough light to get equipment or supplies out of the container, up to high-quality lighting, and allow you to use the shipping container as a workshop and have enough light to do fine detailed work.

What is a shipping container solar lighting kit?

Shipping Container Solar Lighting Kits provide lighting in shipping containers and storage areas with 2 days of battery technology for cloudy, rainy, or snowy days with 8 hours per day of run time.

How many LED lights should a shipping container have?

If it's a more significant 40 FT container, 3 or 4 fixtures might be the solution. The number of hours a day someone will be in the Shipping Container, and the type of work they will do inside the container will also help determine the type of LED solution.
