

Liquid-cooled solar container battery cabinet specifications and dimensions

Overview

The battery compartment employs a 20'GP non-standard container measuring 6058mm×2550mm×2896mm, housing a total of 12 battery clusters, resulting in a total system capacity of 5.016MWh.

The battery compartment employs a 20'GP non-standard container measuring 6058mm×2550mm×2896mm, housing a total of 12 battery clusters, resulting in a total system capacity of 5.016MWh.

Bitech BESS (Liquid-Cooling Battery Energy Storage System) is a feature-proof industrial battery system with liquid cooling shipped in a 20-foot container. The standard unit is prefabricated with modular battery cluster, fire suppression system, water chilling unit and local monitoring. Bitech BESS.

MEGATRON 1500V 344kWh liquid-cooled and 340kWh air cooled energy storage battery cabinets are an integrated high energy density, long lasting, battery energy storage system. Each battery cabinet includes an IP56 battery rack system, battery management system (BMS), fire suppression system (FSS).

red togetherutilizing a high voltage/current battery combiner box. Outdoor cabinets are manufactured to be a install ready and cost effective part of the total on-grid,hybrid,off-grid co mercial/industrial or utility s ale battery energy storage system. BESS string setu be installed together.

Besides, eFlex delivers unmatched flexibility with Its modular design supporting parallel connection of 6-8 cabinets (maximum capacity of 6,688 kWh) and its adaptive Rack architecture allowing the removal of up to 6 packs (single-cabinet capacity down to 520 kWh). Engineered for versatility, eFlex.

Integrated performance control for local and remote monitoring. Data logging for component level status monitoring. Realtime system operation analysis on terminal screen. Higher energy density, smaller cell temperature Difference. TECHNICAL SHEETS ARE SUBJECT TO CHANGE WITHOUT NOTICE. Max. Altitude.

CATL's trailblazing modular outdoor liquid cooling LFP BESS, won the ees AWARD at the ongoing The Smarter E Europe, the largest platform for the energy industry in Europe, epitomizing CATL's innovative capabilities and achievements in the new

energy industry. With the support of long-life cell.
