

Male Large Battery Cabinet

Overview

What is a battery cabinet?

Equipped with the HindleHealth System, the Battery Cabinet will keep your battery at the ideal temperature in the most extreme of environments, giving you peace of mind. HindlePower's Outdoor Battery Cabinet takes a proactive approach to hydrogen mitigation.

What is an outdoor Battery Cabinet?

HindlePower's Outdoor Battery Cabinet is constructed of extremely durable injected foam panels that achieve a level of thermal performance not previously seen in traditional battery cabinets. Feel confident your batteries will maintain 65°F for outdoor ambient temperatures down to -40°F and 77°F for outdoor ambient temperatures up to 122°F.

Where are lithium-ion battery cabinets made?

Products in our catalog are proudly made in the U.S.A. Shop robust lithium-ion battery cabinets designed for maximum safety and durability. Ensure compliance with OSHA regulations and protect your workplace from potential hazards. All product made in USA.

Are lithium-ion battery cabinets safe?

Designed to prevent fire hazards, these cabinets provide a secure environment that mitigates the risk of thermal runaway and potential explosions. Our lithium-ion battery cabinets are built to meet the highest industry standards, ensuring that your workplace remains safe and compliant with all relevant safety regulations.
