DIN mount 18mm pitch AC Miniature circuit breaker in 1P, 2P or 3P. Available from 4A to 63A. Hydraulic-magnetic technology. DIN mount AC miniature circuit breaker. Hydraulic-magnetic technology. Can be configured with either an auxiliary switch or trip alarm. DC hydraulic-magnetic miniature circuit.

NHP's miniature circuit breakers offer a broad range of current ratings from 0.5A through to 125A; typically in 6kA and 10kA fault levels for domestic light commercial applications through to commercial, industrial, and mining solutions. To complement the range further there are a number of value.

Prolec is a specialist supplier of circuit protection products ie. fuses, fuse holders, circuit breakers etc. Our products are sourced from world leading brands & approved to recognised international standards. We can provide comprehensive product datasheets, first class service & support. Products.

Bovara is a prominent manufacturer of electrical equipment in Australia, offering a range of miniature circuit breakers (MCBs) with rated currents up to 125A and short circuit capacities of 6kA and 10kA. Their MCBs feature various configurations, trip curves, and safety features, making them.

Miniature Circuit Breakers (MCBs) are crucial electrical components designed to protect circuits from overloads and short circuits, ensuring the safety and reliability of electrical systems. These compact, efficient devices automatically disconnect the circuit when the current exceeds safe limits.

Circuit breakers automatically disconnect power when a short circuit fault is

detected downstream or when the circuit becomes overloaded, exceeding the electrical cable current capacity. Miniature Circuit Breakers (MCB) protect circuits up to 125 amps and are used in the final distribution board.
