

# Myanmar PV Panel Inverter

## Overview

---

Dual MPPT with up to 99.9% efficiency  
Up to 22A PV input current perfect for high power modules  
Industrial design with a modern aesthetic look  
Easy to install and simple to use  
Solar Charger Controller up to 200A charging current  
Support for Li-ion battery BMS communication  
Outputs high.

Support for Li-ion battery BMS communication  
Outputs high.

Power Link Myanmar Company Limited is high-Tech enterprise taking the inspirational target of “Improve the environment and improve the quality of peoples’ life”. We are withstanding with experienced and talented world-class engineering team Currently, over 50% of Myanmar’s population has access to.

Myanmar's power structure is mainly composed of hydropower, natural gas, coal, solar energy, etc. According to the data of the Ministry of Electricity and Energy of Myanmar, Myanmar's current power supply system includes 28 hydropower stations, 27 thermal power stations and 8 solar power stations.

Radiant Rays Co., Ltd. is a leading energy engineering solutions provider, specializing in optimizing energy usage and advancing sustainability. Our comprehensive expertise encompasses cutting-edge technologies such as energy-efficient lighting, solar panels, and renewable energy systems. We take.

Solis has completed a high-performance 50kW solar-plus-storage installation in Myanmar, showcasing how advanced hybrid inverter technology can unlock energy independence and cost savings for businesses in emerging markets. Designed around the powerful Solis S6-EH3P50K-H hybrid inverter, the system.

TrinaSolar is one of top Tier 1 solar panel manufacturers ranked by Bloomberg New Energy Finance. We are partners with Growatt inverters and are able to provide the most cost-effective solutions. By the end of 2020, Growatt had shipped over 2.6 million inverters to more than 100 countries around.

First ever registered Solar Company in Myanmar since 1998. As a pioneer &

innovative player in market, Sun Power is still playing crucial role as one of the reliable solar solution providers in Myanmar. Completed & accomplished successful projects and have successful track records. No. (68-D), Inya.
