

New Energy Storage Innovation Consortium

Overview

The consortium is a national-level new energy storage innovation platform jointly led by State Grid Corporation of China and China Southern Power Grid Co., Ltd. under the guidance of the State-owned Assets Supervision and Administration Commission of the State Council.

The consortium is a national-level new energy storage innovation platform jointly led by State Grid Corporation of China and China Southern Power Grid Co., Ltd. under the guidance of the State-owned Assets Supervision and Administration Commission of the State Council.

New Energy New York (NENY) and the New York Battery and Energy Storage Technology Consortium (NY-BEST) are pleased to announce a new Request for Proposals (RFP) for Battery Data Management and Analytics Solutions for the NENY Supply Chain Program, supported by the U.S. Economic Development.

uster in Upstate NY. NENY is enabling a pilot manufacturing facility, supply chain expansion, technology innovation, environmental justice, and workforce development. A Tech Hub Designation will supercharge this momentum and transform the cluster into a leading battery technology innov.

On July 30, the Central Enterprise New Energy Storage Innovation Consortium was established in Beijing. The consortium is a national-level new energy storage innovation platform jointly led by State Grid Corporation of China and China Southern Power Grid Co., Ltd. under the guidance of the.

New York's nation-leading Climate Leadership and Community Protection Act (Climate Act) codifies some of the most ambitious energy and climate goals in the country, including 1,500 MW of energy storage by 2025 and 6,000 MW by 2030. NY-BEST: The New York Battery and Energy Storage Technology.

On June 20, 2024, the New York State Public Service Commission issued an historic Order formally expanding the State's energy storage deployment goal to 6 GW by 2030 and unlocking nearly \$2 billion in incentives for energy storage, the largest investment in the nation to date. The Order approves.

This Spring, Binghamton University, in collaboration with a cross-sector consortium

of 20 partners, led the submission of a proposal to grow the New Energy New York (NENY) initiative under the Economic Development Administration (EDA) Regional Technology and Innovation Hubs (Tech Hubs) opportunity.
