

# Niue Power Construction 5g Energy Base Station

## Overview

---

When is Niue's New Power Station launching?

The Ministry of Infrastructure celebrated the successful launch of Niue's New Power Station on the 7th November 2024. The launch marks a critical milestone in Niue's journey to strengthen and modernize its energy infrastructure.

What does the Minister of infrastructure say about Niue's New Power Station?

The Minister of Infrastructure, Hon. Crossley Tatui extended his appreciation to the Australian and New Zealand Governments, saying, "The construction of this new power station is a vital piece of infrastructure for Niue's development and well-being. This achievement would not have been possible without the support of our regional partners."

Why is the work being done at Niue Power House important?

"The work being done is crucial for ensuring that Niue has sustainable and efficient energy for years to come." Niue looks forward to welcoming technicians in the coming weeks to assist with the commissioning of the generators in the new power house as the nation moves towards a more sustainable and resilient future.

When will Niue's energy project start?

The initial phase of clearing the surrounding land will be completed by the end of this year, setting the stage for physical construction to commence in early 2025. In 2015, Niue launched the Strategic Energy Roadmap, with the ambitious goal of reaching 80% renewable energy production by 2025.
