SAKO SUNSEE Series is a multi-function inverter/charger, combining functions of inverter, MPPT solar charger and battery charger to offer uninterruptible power support with portable size. Its comprehensive LCD display offers user-configurable easy accessible button operation such as battery.

MPPT type inverter can be used in the large on-grid, and off-grid solar power conversion project. Rahimafrooz Inverter is the best and oldest electronics appliances (battery, solar panel, inverter, IPS, UPS, etc.) manufacturer and supplier in Bangladesh. This company is also a reputed in solar.

The SAKO E-SUN 3KVA Off-Grid MPPT Solar Inverter is a robust all-in-one inverter designed for homes, small offices, shops, and rural or off-grid setups — especially in areas with unstable grid electricity or frequent power outages. With a rated capacity of 3000 VA (2700 W), this inverter delivers.

An Off-Grid Solar Inverter is an essential component of a solar power system that allows you to convert the direct current (DC) produced by solar panels into alternating current (AC) for use in household appliances and other electrical devices. Unlike grid-tied systems, off-grid inverters are.
