

Off-solar container grid inverter for Sydney solar power station Australia

Overview

A complete solar-battery-generator power plant pre-built into a shipping container. We integrate the inverter/chargers, lithium batteries, DC charge controllers, switchgear, ventilation/air-conditioning, fire safety, and remote monitoring.

A complete solar-battery-generator power plant pre-built into a shipping container. We integrate the inverter/chargers, lithium batteries, DC charge controllers, switchgear, ventilation/air-conditioning, fire safety, and remote monitoring.

Power where the grid can't go — delivered in a single, rugged container. MyEnergy designs and builds turnkey off-grid systems inside 10-, 20- or 40-foot containers, pre-wired, factory-tested and ready to run the moment they land on site. What is a containerised off-grid system?

A complete.

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions.

Off-Grid Energy Australia utilise a variety of inverter technologies from leading Australian and International suppliers to accommodate for a range of controller applications. Which solar inverters and battery chargers are right for you?

The inverter/charger performs multiple important functions in.

A reliable power supply, even without a utility grid: With stand-alone solar solutions from SMA, you can always cover your entire electricity demand and become independent from electric utility companies. The Sunny Boy inverter ensures the highest yields in solar power generation. Sunny Island.

An off-grid solar inverter is a crucial part when dealing with the solar energy utilization processes such as converting the energy generated to a form that can be used to power most of the appliances in a typical household setting. The off-grid solar inverter market is diverse and rapidly growing.

Critical system support continues over Christmas (Skeleton team - excluding public holidays & weekends). No products were found matching your selection. Browse our range of containerised off grid systems for commercial sites. Reliable, turnkey solar power solutions for remote, off-grid energy.
