Solaris Industry is a subsidiary of CEVITAL group, specialized in ultra-clear glass production, solar glass processing, and photovoltaic modules assembling. Our company was born from the desire to support the energy transition in our country and around the world. With a production site located.

Situated near the equator in Burkina Faso, Ouagadougou is an excellent location for solar photovoltaic (PV) power generation due to its consistent sunlight exposure throughout the year. The average energy yield per day for each kilowatt of installed solar capacity varies slightly by season, with.

The Faso Energy solar panel production unit is located in the industrial zone of the Kossodo district of Ouagadougou. There, the latest generation machines of European origin cover the entire production chain. Burkina Faso is leading the way in renewable energy in West Africa. However, this wasn't.
