Best Electric Utility Stocks to Buy in 2025 , The Motley Fool

Financial StrengthA Conservative Dividend Payout RatioConsistent Earnings GrowthUtilities pay out a significant percentage of their earnings to investors via their dividends (usually around 65%). However, because financial strength is so important, investors should focus on electric utilities with lower-than-average dividend payout ratios. The lower ratios allow companies to retain more cash to finance growth, which enhances t See more on fool Author: Matthew DilalloMissing: Power Base StationMust include: Power Base
