

Power circuit breaker factory in Tunisia

Overview

Tunisie Technique International is a Tunisian supplier of low-voltage electrical components for residential, Commercial and industrial application . We strive to provide our customers with high-quality products according to the newest international Standards. • ISO 9001.

Tunisie Technique International is a Tunisian supplier of low-voltage electrical components for residential, Commercial and industrial application . We strive to provide our customers with high-quality products according to the newest international Standards. • ISO 9001.

TBP via its partner TTI presents a wide choice of compact circuit breakers. These circuit breakers are electrical protection devices that cut off power in the event of an overload or short circuit to avoid the risk of fire and property damage. They are compact, which means they take up little space.

The Tunisia Circuit Breakers Market is witnessing steady growth driven by increasing investments in infrastructure development and the expanding industrial sector. The market is primarily dominated by low-voltage circuit breakers due to their widespread applications in residential, commercial, and.

The Tunisian circuit breaker market rose to \$X in 2024, increasing by X% against the previous year. In general, consumption, however, saw a pronounced curtailment. As a result, consumption attained the peak level of \$X. From 2019 to 2024, the growth of the market remained at a lower figure. In.

TBP offers the following products and solutions concerning electrical equipment and materials: switches, intercoms, home automation, energy saving solutions, solutions and materials for residential lighting, commercial lighting, industrial lighting, circuit breakers , electrical box, electrical.
