We are able to provide the right storage tank for your needs, with a range that includes Fire Tanks, Wastewater Tanks, Mining Tanks and tanks for Water Treatment and Thermal Energy Storage.

Are Pioneer Water Tanks good for mining?

Be it for dust suppression, water truck or water cart refilling, or any of the wide variety of needs you may have for commercial water tanks in your mining operation, Pioneer's process water tanks cover all the boxes. Sturdy, built for purpose and aesthetically pleasing, Pioneer's range of commercial water tanks are sure to meet your needs.

Which industrial tank is right for a mine site & gas well?

Mine site and gas wells require adequate water and chemical storage if they are to keep the site safe from hazards. One of the design elements to consider when choosing which industrial tank is right for a process is the tank specific gravity (SG). A standard water tank has a specific gravity of 1 (SG1.0).
