

# Ranking of Pyongyang s exported energy storage products

## Overview

---

The top five companies in DC-side shipments for Q1 2025 were: CATL, BYD Energy Storage, Hithium, Potis Edge, and Relyez. The top three companies were all battery cell manufacturers, highlighting a growing trend of cell makers extending into system integration.

The top five companies in DC-side shipments for Q1 2025 were: CATL, BYD Energy Storage, Hithium, Potis Edge, and Relyez. The top three companies were all battery cell manufacturers, highlighting a growing trend of cell makers extending into system integration.

### 2025 Energy Storage Export Rankings: Who's Leading the Global Race?

You've probably noticed the seismic shifts in energy storage exports since 2023. China continues to dominate, accounting for over 55% of global battery storage exports in 2024 [3] [8]. But why is this growth happening now?

Three.

In Q1 2025, China's market showed steady growth, the U.S. market saw front-loaded shipments, and emerging markets gained momentum, driving global energy storage system shipments to a record high of 71.5 GWh. AC Side: Sungrow Tops the List, BYD Energy Storage Enters Top Three The top five global.

On April 10, 2025, the 13th Energy Storage International Conference and Expo (ESIE 2025), jointly hosted by the China Energy Research Society, the China Energy Storage Alliance (CNESA), and the Institute of Engineering Thermophysics, Chinese Academy of Sciences, was grandly held at the Beijing.

InfoLink Consulting has released its Global Energy Storage Supply Chain Database. According to InfoLink's Global Energy Storage Supply Chain Database, global energy storage cell shipments totaled 314.7 GWh in 2024, up 60% YoY. The market showed a trend of early decline followed by a rebound, with.

InfoLink Consulting has launched its global database of the lithium-ion battery supply chain, an essential element for the development of photovoltaic and wind energy. According to InfoLink's global lithium-ion battery supply chain database,

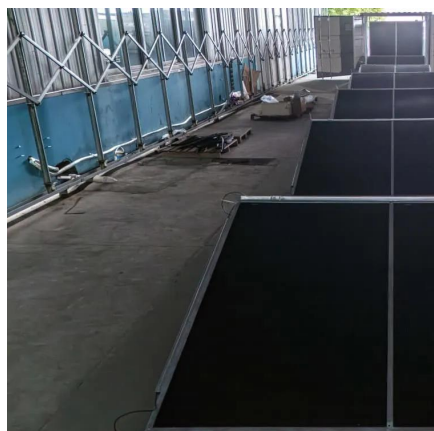

energy storage cell shipments reached 202.3 GWh in the.

The China Energy Storage Alliance (CNESA) has released its 2024 rankings of Chinese energy storage companies, with CATL, Sungrow, and CRRC Zhuzhou Institute securing top positions across key segments. From ESS News China's top energy storage companies in 2024 have been named by the China Energy.

## Ranking of Pyongyang s exported energy storage products

### [Top 10 China Energy Storage Battery Companies](#)

In summary, the demand for batteries in the energy storage market has gradually evolved into higher safety, longer life, lower cost of high-capacity cells and energy storage ...
