

Riga Energy Storage Container 2MW Customer Support

Overview

What is a 2MW battery energy storage system?

2MW battery energy storage system is modular designed, and can be quickly installed. The BESS container can provide you with stable and reliable energy in the long run.

How do I choose a containerized energy storage system?

The most common standards are: Choosing between these sizes depends on project needs, available space, and future scalability. Regardless of format, each containerized energy storage system includes key components such as battery racks, BMS, EMS, cooling, and fire protection.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.
