

Santo Domingo energy storage temperature control system manufacturer

Overview

Founded in 2008, EcoDirect is a value added distributor that helps Dominican installers, do-it-yourselfers (DIY), homeowners, businesses and commercial projects in Santo Domingo, Santiago, Punta Cana, La Romana and throughout the Dominican Republic with project design, supply.

Founded in 2008, EcoDirect is a value added distributor that helps Dominican installers, do-it-yourselfers (DIY), homeowners, businesses and commercial projects in Santo Domingo, Santiago, Punta Cana, La Romana and throughout the Dominican Republic with project design, supply.

With advanced cell designs and high - quality materials, they offer exceptional energy conversion rates, allowing you to maximize your solar energy harvest. Whether installed on a residential rooftop or a large - scale solar farm, these panels are built to last, withstanding harsh weather.

Our commercial and industrial energy storage solutions offer from 30kW to 30+MW. We have delivered hundreds of projects covering most of the commercial applications such as demand charge management, PV self. Designed for remote islands, this advanced solar microgrid harnesses solar and wind energy.
